ACCESSORIES CBR500R

The CBR500R Cup.

Is reliability supposed to be boring?

It's not rare to find some CB500 proudly boasting more than 300,000 kms (more than 186,000 miles), but the long-time favourite of the couriers and the driving school is much more than a workhorse. Beginning in France in 1996, the CB500 Cup spread across Europe quickly. Since 2014, it is on a CBR500R that young talents try to make a name by themselves, on a budget. Sebastien Charpentier or James Toseland, to name a few, started there.
